A resource you can trust

If your organization experienced a data breach or cyber attack, would you be prepared? When a data breach or cyber attack occurs, organizations have to contend with multiple issues; it helps when there's one go-to resource to find the most up-to-date information about preparing and responding to cyber risks. Cyber Suite policyholders have access to a risk management portal, eRiskHub®.

Immediate access to risk management tools

There's no cost for accessing eRiskHub®. It is available through your desktop, tablet or cell phone.

eRiskHub® is easy to navigate and contains the latest information and best practices from cyber industry experts and organizations. The information in eRiskHub® can help you better understand your ever changing cyber and data related risks and help establish cyber security as a focus for your employees and organization.

Key Features of the eRiskHub® Portal

Incident response plan roadmap—includes suggested steps to take following a network or data breach incident

Online training modules—ready-to-use training for business owners on privacy best practices and Red Flag Rules

Risk management tools—assist you in managing your cyber risk including a self-assessment and state breach notification laws

News center—cyber risk stories, security and compliance blogs, security news, risk management events and helpful industry links

Learning center—best-practices articles, white papers and webinars from leading technical and legal practitioners

eRisk resources—a directory to quickly find external resources with expertise in pre- and post-breach disciplines

Security and privacy training—computer based training for business owners on best practices for security and privacy awareness

Register now to access the eRiskHub® portal. It's easy to set up your unique User Name and Password. It's easy, just follow these steps:

- Enter <https://eriskhub.com/rbtguard> into your browser.
- Complete the New User Registration information in the center of the page, including your name and company name. Please note that your User Name and Password are case-sensitive. Your one time use access code is **12116-326**.
- Enter the answer to the challenge question.
- Accept the "Terms of Use and Privacy Policy" and click "Submit".
- You will get a "Registration Successful, Please Login" message.
- You will also receive a confirmation email.

Log in and start

Once you have set up access, click "Login" in the upper right of the site banner, and enter your User Name and Password and click "Login" to access the eRiskHub® Portal. If you forgot your password, click on the link to have your password reset. Remember, your User Name and Password are case-sensitive.
